ST196.2

Earthing device

Code	ST196.2
GTIN	6418677417436
ENumber	
Name	Earthing device For SZ51, SZ152
Description	Earthing devices are used for temporary earthing of the low-voltage network during installation work by attaching the earthing device to the pole fuse switch. Suitable for 160 A pole fuse switches with 3 poles. Conductor is included. Short-circuit current 9 kA/1 s. Comes with an earthing conductor Cu 35 mm ² of 3 meter and a connector.

ERC

Technical specification

Dimensions

Weight: 2.7 kg

Electrical values

Nominal voltage (Un): ≥ 500 V

Features

Number of poles: 3

Ratings

ETIM class: EC000490

Specification

Use: Used for temporary earthing of the low-voltage network during installation work by attaching the earthing device to the pole fuse switch. Suitable for 160 A pole fuse switches

Tools required: Operating rod ST33
